

Friendly House Preschool Fee Schedule 2025-2026

Friendly House depends on the sliding fee scale, which is based on household income. This scale allows us to serve children of families whose income would otherwise be insufficient to pay for quality school-age care. We rely on your honesty in setting your fee level at a rate which matches your household income.

We offer discounts to families with multiple children in our programs of \$100 per additional child.

You will be billed the same amount September-August, even on months when Friendly House Preschool is closed during vacation weeks (December, March, and August). Your monthly base rate is adjusted to reflect closures on these weeks.
